

Employer: Ogilvie Fire Protection

Vacancy: Fire Safety Inspector

Hours: Up to 30 hours

Salary: 12.21 per hour: National Living Wage

Working pattern: TBC

Job summary

Ogilvie Fire Protection is a leading and expanding name in the vital fire safety sector. We are committed to delivering exceptional fire protection services and solutions across various environments. As part of the respected Ogilvie Group, a family business with over 60 years of success, we pride ourselves on our people, quality workmanship, and innovative approach

We are seeking a dedicated and observant Fire Safety Surveyor to join our team in Washington, Tyne & Wear. This is a fantastic opportunity for individuals who "want to work" and are looking for a rewarding career in a critical sector, including those with backgrounds in Construction, Project Management, or the UK Armed Forces, or those who possess a keen eye for detail and a strong ability to retain knowledge.

The successful candidate will be responsible for conducting thorough fire safety surveys, accurately recording data for reports, and ensuring compliance with current fire safety regulations. You will play a vital role in helping our clients maintain the highest standards of fire safety.

Essential skills, experience and qualifications

What do we expect to see from you?

	<ul style="list-style-type: none"> • Someone who genuinely wants to work and build a stable career. • Possessing a keen eye for detail and a methodical approach to tasks. • Demonstrating an excellent ability to retain knowledge and learn new technical information. • Highly self-motivated and able to work independently. • Passionate about contributing to a growing business operating in a critical safety sector. • Willing to learn and undertake comprehensive training. • A strong communicator with good interpersonal skills. • Organised and able to manage their own workload effectively. • While direct surveying experience is not essential, experience or transferable skills from Construction, Project Management, or the UK Armed Forces would be viewed favourably. • A commitment to upholding high standards of safety and professionalism. • A valid UK driving licence is likely to be required for site visits.
